

## Follow-up report after quake in Mexico

**Mexico City, October 2<sup>nd</sup> 2017** - ("Quálitas", "The Company" or "the Group") (BMV: Q\*), informs its shareholders and the investment community that fortunately there are no incidents to report amongst its employees and also every office in its network, except from the Juchitan ODQ in Oaxaca, has continued with its operations normally.

In addition, it informs that as of the end of September Quálitas has received 460 claims related to September 19th earthquake that affected Mexico City, Morelos, Estado de Mexico, Puebla, Oaxaca, Guerrero, San Luis Potosi and Hidalgo.

The reserved amount to cover those claims represents less than 1% of the monthly average claims cost that Quálitas registers and the impact in results is not significant.

In solidarity with policy holders affected by the quakes of September 7th and 19th, the company decided to eliminate the deductible. This benefit only applies if the amount to pay for the damages, as a result of these events, exceeds the deductible stipulated in the insurance contract.

Also, to support affected people in Oaxaca and Chiapas, Quálitas launched a fundraising campaign in which for each peso donated by employees, agents or Board members, Quálitas contributed with the same amount. The collected amount totaled \$2.25 million pesos and was sent to a non-profit foundation that is fully involved in the area and will also donate one peso per each peso received. The funds will be used for the reconstruction and reactivation of productive sources. With this joint effort, the total benefit for Oaxaca and Chiapas amounts to \$4.5 million pesos.

Finally, Quálitas reiterates its commitment to policy holders to protect their automotive assets and emphasizes the importance of having insurance to face unexpected events like earthquakes or floods.

About Quálitas:
